08/08/2018

**Division:**

Technology Services

**Position Type:**

Full-time

**Responsibilities:**

Work within KRESA programs and constituent districts to create and implement sustainable and impactful systems of embedded technology to support teaching and learning. Collaborate with administrators and teachers to develop a plan for integrating technology into standards-based curriculum designs. Model the integration of technology into classroom instruction. Promote the use of online curricular resources for teachers and students. Coordinate professional development for staff which focuses on the integration of technology to improve teaching and learning. Monitor the use of instructional technology to ensure that resources and activities are preparing students for 21st century skills. Assist in the creation and management of new technology learning initiatives. Remain current in the instructional technology profession through participation in relevant professional associations (RITS and KRESA Instructional Technologist team meetings), conferences, research, and publishing. Promote and support various Technology Readiness initiatives as directed. Other duties as assigned.

**Qualifications:**

Minimum of BS/BA degree in Education. Minimum of five years' classroom teaching experience, including the demonstrated success of technology integration. Experience in facilitation of high-quality professional development with a focus on technology training. Experience in integrating technology into teaching and learning. Experience in G Suite, Office 365 cloud-based use. Experience with Apple devices and management. Knowledge of Michigan content standards and curriculum design. Knowledge of data-driven decision making. Experience in effective instruction and best practices in the classroom. Experience in coaching teachers with respect to instructional and technological skills. Demonstrated ability to learn new technologies and instructional practices on a continuous basis. Experience in creating online learning opportunities

within a learning management system such as Google Classroom, Canvas. Experience in the implementation of MITECS and ISTE Student Standards. Successful written and verbal communication skills with both students and adults. Ability to work independently and with a team in problem-solving situations. Embraces and supports KRESA philosophies related to diversity, inclusiveness and anti-racism. Ability to interact effectively with individuals from a wide range of cultures. Ability to discuss cultural differences with colleagues and clients. Ability to assess one's own strengths and limitations or challenges and integrate this understanding into interpersonal interactions.

**Preferred Skills:**

Ability to select and develop appropriate methods, skills and techniques attuned to people's cultural, multicultural or marginal experiences in their environments. Ability to effectively employ multicultural approaches in resolving problems.
